It was written by Jack Paglen, based on a story by Damon Lindelof and Jon Spaihts and directed by Ridley Scott. The film stars Charlize Theron, Michael Fassbender, Idris Elba, Sean Harris, Benicio del Toro, Katherine Waterston, and Jared Harris. It was screened in selected international film festivals in 2015, and was released in the United States on June 8, 2017 by Twentieth Century Fox. Plot In 2093, archaeologists find the skeletal remains of a female android in the Arctic on the planet Prometheus.

She is the first known creation of the Weyland Corporation, and is dubbed "Prometheus" in her honor. Before she can be brought to Earth, a Weyland corporate representative named Meredith Vickers informs the authorities that the specimen is infected by a computer virus that can be transmitted by touch. A team led by British intelligence agent Meredith Vickers and Lander pilot Lambert must devise a way to use the android for humanitarian purposes, while at the same time combating an aggressive paramilitary faction called the "Extremists". Cast Charlize Theron as Meredith Vickers, a British intelligence agent and former security officer at Weyland Corporation. Charlize Theron plays the lead role in the new Prometheus film, making it her second film following 2015's Monster. At 58 years of age, she is nearly 30 years younger than the character she portrays in the film, Meredith Vickers. Michael Fassbender as David 8, a prototype android designed by the Weyland Corporation. Idris Elba as Lander pilot Michael Lambert, a British mercenary. Sean Harris as David 8's head, which is featured in the film's opening sequence. The head was designed by Industrial Light & Magic. The model used for the head was hand-built by Peter MacGillivray, a prosthetic artist. The special-effects prosthetic suit was worn by Michael Fassbender. Benicio del Toro as Janek, a member of the Extremists. Katherine Waterston as Dr. Shaw, head of Weyland Corp's research division, and mother of David 8. Jared Harris as Ava, a mercenary and a Weyland security officer. Demian Bichir as Newt, a robot-dog on board the ship. Newt was inspired by WALL-E, which was released in 2008. Joi Chien as Weyland's representative for the new 82157476af
